

Auto Oven Rinse

D9.11

Liquid acidic rinse aid

Description

Suma Auto Oven Rinse D9.11 is a concentrated low foam rinse additive with scale control properties for ovens with automatic cleaning options.

Key properties

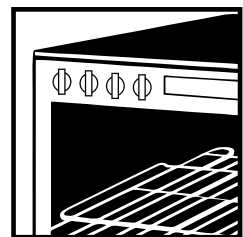

Suma Auto Oven Rinse D9.11 is a concentrated acid rinse additive. It has been specially formulated for use in ovens with automatic cleaning programs. The product contains a low foam surfactant for rapid and streak free drying. It also contains scale control agents to keep the oven free from scale.

Benefits

- Ensures quick drying
- Gives streak-free, spot-free and shiny results
- Suitable for hard water due to scale control agents

Use instructions

Suma Auto Oven Rinse D9.11 is dosed automatically into the rinse water of the cleaning process by means of integral dosing pumps. Actual dosage levels are determined by the cleaning programs of the oven.
